

Resin Long Oil ALT6050 - W95

Technical Data Sheet:

Type of fatty acid	Soybean
Solid Content (%)	1 ± 95
Type of Solvent	Xylene
Viscosity (25^o C/Gardner)	600 – 1200 (Sec)
Color (Gardner)	Max 4.5
Acid Value (mgKOH/g)	Max 7

Features:

- Perfect hardness
- Fast surface drying and deep drying
- High gloss and gloss retention

Applications:

- Gloss and semi-gloss architectural paints
- Architectural and industrial varnishes
- Wood and metal coatings
- Spray paints

Storage conditions and time:

Store the product in main and sealed containers in a cool dry place (away from fire or heat or direct sunlight) at 5 to 30 degrees Celsius. If the above conditions are met, the shelf life of the product is maximum 12 months from the time of delivery.

packing:

190kg Barrels

Description:

Solid percentages, viscosity and other product quality parameters will be adjusted to customer requirements.
